## THE LEOPARD BAR WHISKY SELECTION

The purpose of Scotch whisky is to give pleasure and such pleasure can be as sophisticated as you like. This is the glory of the drink and it is what distinguishes Scotch from less noble liqueurs.

Scotch whisky is not simply an alcoholic stimulant but a civilised drink of great range and subtlety that is best consumed with attention and judgement.

Whisky, like time, is a river and the course of both can be changed because each is flowing into something as yet unknown.
